## VEHICLE CARDS

The vehicle cards above were created to represent the new sample vehicles from the compendium, specifically the SCW army list.

You may photocopy this page, then cut out the cards along the lines.

The vehicles used to illustrate the cards are a mix of scratchbuilt ones (BA-6, FT-17, Pz. 1), Anglian Miniatures (the UNL-35 and the T-26), and Chieftain Models (CV3-35 tankette, also available from Anglian Miniatures).
