Paste images as comments

You can use the Paste Clipboard Image As Stamp tool to add images to a PDF. You can copy most image formats from drawing and image-editing applications, such as Adobe Photoshop and Adobe Illustrator. If you want to add the image to PDFs repeatedly, create a custom stamp of the image.

Note: *The Paste Clipboard Image As Stamp tool isn't available until you copy an image.*

1. Copy an image by doing one of the following:
 - In Acrobat, choose Tools > Select & Zoom > Snapshot Tool , and select an image from a PDF.
 - In another application, select an image and choose Edit > Copy.
2. Open a PDF.
3. Choose Tools > Comment & Markup > Stamps > Paste Clipboard Image As Stamp Tool.
4. Click in the PDF where you want the image to appear.
5. Do any of the following:
 - To move the image, drag it.
 - To resize the image, select it and then drag one of its handles. Press the Shift key when resizing the image to maintain the original proportions.
 - To change the image properties, right-click/Control-click it and choose Properties.
 - To delete the image, right-click/Control-click it and choose Delete.
