

„LIBERTAD O MUERTE!“

THE TRIUMPH AND TRAGEDY COMPENDIUM

Following the success of our first book, the “Triumph and Tragedy” wargame rules, we proudly present the next volume in the series, “Libertad ò Muerte”. As the title suggests, it started out as a rulebook for playing the Spanish Civil War, which has become a popular period in recent years due to some excellent figure ranges. In addition, this book includes rules clarifications and other, “generic” new rules with which to enrich your games of “Triumph and Tragedy”.

Contents include:

- New rules for signalers
- New, detailed special actions
- Pre-constructed vehicles for WW1 and the SCW
- Detailed rules for aircraft attacks
- A comprehensive army list for the Spanish Civil War

**THIS IS NOT A COMPLETE RULEBOOK, BUT AN ADDITION TO THE
“TRIUMPH AND TRAGEDY” SKIRMISH WARGAME RULES BOOK PUBLISHED IN 2007.
YOU WILL NEED THE BASIC RULES TO USE THIS BOOK.**
